RECOMMENDATION LETTER: MR REDEEMER GBEWORDOH

This is a recommendation of Mr. Redeemer Gbewardoh, whom I had the opportunity of working with during his National Service at the Department of Guidance and Counselling, University of Cape Coast. As the Chief Administrator for the Department, I interacted with him closely and observed his work ethic and character over the period.

Redeemer is a respectful and morally responsible man. He comported himself excellently throughout his service. He demonstrated great adaptability, quickly familiarising himself with the administrative demands of the office. He was able to develop a record-keeping system for my office, which has significantly improved our documentation processes.

His contribution to the department was truly outstanding. Lecturers across the department spoke highly of him and were eager to work with him as their personal Teaching Assistant. Beyond his assigned duties, Redeemer voluntarily assisted in preparing key programme documents for departmental accreditation, an experience that reflects his attention to detail and ability to learn quickly.

Even after completing his National Service, Redeemer occasionally visits the department to offer his support with administrative tasks, a clear testament to his commitment and sense of responsibility. I am convinced that he possesses a rare combination of intelligence, humility, and character. His composure is remarkable, and his ability to adapt and deliver on new tasks is worth commending.

I have no reservations whatsoever in recommending Redeemer for the role of a Psychology Teacher in your institution. I am confident that he will do well and bring significant value to your team, just as he did in our department. Please feel free to contact me for any further information.
