RECOMMENDATION LETTER FOR MR REDEEMER GBEWORDOH

It is with great pleasure that I write to recommend Mr Redeemer Gbewordoh. I have known Redeemer in both academic and professional capacities, first as his lecturer during his undergraduate psychology programme at the University of Cape Coast, and more recently as my Graduate Assistant in our department.

Redeemer initially joined our department as a National Service Personnel, where he served diligently as both a Teaching Assistant and an Administrative Assistant. He made such a positive impression on the department through his dedication, professionalism, and initiative that I had no hesitation in offering him the role of Graduate Assistant upon completion of his service and enrolment into his master's programme.

Since assuming this role, Redeemer has consistently demonstrated intellectual depth and a remarkable sense of responsibility. He handles all tasks assigned to him with clarity and accuracy, ranging from preparing lecture slides and managing official documents to occasionally teaching my classes. His teaching style is engaging and thoughtful; he uses relatable examples to simplify complex concepts, and it is clear that he has a natural flair for teaching.

Beyond his academic strengths, Redeemer is well-mannered, morally upright, and maintains a respectful and professional rapport with students and colleagues alike. I have observed how well he carries himself, especially in his interactions with female students, which gives me confidence that he will be an excellent fit for your all-girls' school. His maturity and attention to detail are commendable.

I strongly endorse Redeemer for this role. He is a rare blend of competence, integrity, and purpose, and I am confident that he will be an asset to your institution. Feel free to contact me if you need additional information about Redeemer on phone (0244088689) or through my email (sfia@ucc.edu.gh)

Yours sincerely,

Prof. Stephen Doh Fia
